

# SHARP SHOOTER

## FHRPC NEWSLETTER

[www.fhrpc.org](http://www.fhrpc.org)

WINTER/SPRING 2013

### ANNUAL MEETING HIGHLIGHTS

The annual meeting of the Fort Hill Rifle and Pistol Club (FHRPC) was held on Friday, February 1, 2013 with 80 members present. The meeting was held at the Allegany County for Technical Education (CCTE) in their auditorium on McMullen Highway in Cresaptown, MD. The topics of interest were pavilion lighting at MSR1 above the shooting benches, feasibility of indoor range, implementing a prescreening/background check fee to all new applicants, the State of Maryland's gun control climate and the election of officers for 2013.

#### PAVILION LIGHTING

Pavilion lighting at MSR1 was brought up for discussion at the annual meeting by Mike Winter with ideas such as clear fiberglass panels installed in roof, Chris Bennett suggested lights with timers over benches. Mike Winter made a motion to install electrical lighting with timers over shooting benches that was seconded by Roger Rowe. Vote was taken; 44 for lights/14 no lights. Motion approved to install electrical lights with timers over shooting benches.

Since then on one Saturday morning while taking a break from shooting at MSR1 Chris Bennett, Clayton Blume and Marvin Smith discussed the different possibilities to the installation, and the type of fixtures/bulbs for lighting the shooting bench areas.

#### FEASIBILITY STUDY FOR BUILDING

*The first paragraph is a recap from 2012's Annual Meeting;*

Kenny Fuller brought up for discussion that some members wanted a new club house. After some floor time and input from several members on the subject President Cliff Bennett said we needed a committee to do some feasibility and investigative study on the subject.

The committee consists of President Cliff Bennett, Gary Dawson, Denny Jedlowski, Paul Hardy, Rod Paxton and Mike Shay, they are to do the leg work and report back to the membership at a Special Meeting scheduled for Friday, June 15, 2012 at 7:00 pm at MSR1. Mark your calendars.

After much hard work by the Building Committee, more than the officers expected from a volunteer committee, so again, thank you men for your strong effort. The Special Meeting scheduled for June 15th did not have enough interested members present to constitute a quorum reference club by-law, Article 6, Section 6.3 Quorum. Nothing was accomplished, a waste of time and money.

Fast forward to 2013's Annual Meeting;

The Special Meeting Minutes were read by Secretary, Marvin Smith. The discussions by the body continued with interaction by the special committee members Denny Jedlowski, Paul Hardy, Rod Paxton, and Mike Shay and the officers and members of the body. After some lengthy discussion, Vic Merkle made a motion not to proceed with the indoor range that was seconded by Chris Smith. Vote taken 45 not to proceed/32 to proceed. Motion not to proceed building indoor range carried.

#### CLUB OFFICERS FOR 2013

FHRPC officers for the year 2013 are;

1. President, Cliff Bennett (304-790-0441)
2. Vice-President/Membership, Chris Bennett (301-268-1642)
3. Treasurer, John Dowell (301-724-5866)
4. Secretary/Membership, Marvin Smith (301-777-0358)
5. Executive Officer, MSR1, Steve Isner (301-268-8696)
6. Executive Officer, WMR2, Danny Jackson, Jr. (301-729-9343)

The club officers welcome your feedback. If you have any questions, suggestions, comments or concerns please feel free to contact any of your club officers. Officers meetings are the first Monday of each month at the club house at Morningside Range #1 at 7:00 PM. You are welcome to contact us there, the first thirty minutes of the meeting is available to club members.

## **MARSHALL RIEGEL AWARDED BIANCHI CUP SCHOLARSHIP**

The first week of March Marshall was notified that he was awarded the NRA/Midway USA/Bianchi Cup Scholarship. The scholarship pays the expenses for travel and lodging up to \$2500 to attend the match. It also provides 1000 rounds of ammo, holster, belt and t-shirts. The program is intended to get young shooters involved in competitive shooting.

Marshall, currently 21 years old, is attending Shepherd University near Harpers Ferry, WV. He is in his third year as a Biology major with a minor in Chemistry. He was also recently inducted into the honorary chemistry fraternity on campus. Marshall's future plans include attending dental school after graduation.

Marshall's parents Jack & Jenny Riegel and his sister Nadine, are overjoyed that he received this honor. The family relocated to the area in 2005 from Illinois. However, it was not until 2008 that Marshall and his father purchased their first gun, and so began their foray into the shooting sports.

A couple years ago, his father joined the FHRPC just to have a place to shoot. However, Marshall and Jack quickly found the club to be more than that. Friendly advice, shooting tips and camaraderie abound, and they would like to say thank you for your encouragement.

If you are reading this and have yet to compete in one of the club matches, you are missing a great opportunity and missing the point of this wonderful organization.

Respectfully Submitted,

Jack Riegel

## **MARYLAND "NOT SO FREE"**

As I write this, I'm not at all happy with Governor O'Malley and his cronies. They are stepping on our inalienable rights with their gun grabbing agenda and trying to take Maryland down a road that we as citizens and shooting sports enthusiast cannot tolerate.

I would like to thank Danny Jackson for all his hard work in filling two buses with like minded citizens to Annapolis not once but twice to rally for freedom, hand in written testimony and try to give verbal testimony. The FHRPC was represented with about fifteen of our brothers who made the trip twice; I salute you for your efforts.

On February 6, the Senate Judicial Proceedings Committee held a hearing and received a shock – as about three thousand supporters of the Second Amendment rallied in Annapolis in an effort to get the attention of the legislators present, and did we ever.

The rally filled the Lawyer's mall completely and we heard legislators and private citizens leave no doubt about where they stood. After the rally, there were so many people that lined up to enter the Senate Office Building to testify (which included members of FHRPC) that the line stretched around the block and out of sight. After the hearing had begun, they were forced to close the doors to the Senate Office Building because we had so many people inside filling the overflow rooms and winding up the stairs to the JPC office where we signed up to testify. Closing the doors is something that has not happened in recent memory. One Senator told us that he had not seen anything like it in his fifty plus years in Annapolis (did I fail to mention "term limits", definitely needed). Shouts of "O'Malley Must Go" could be heard clearly inside the waiting rooms to the Judicial Proceeding Committee hearing room. Importantly, the Second Amendment supporters were well behaved, presentable and made a good impression.

The turnouts on February 6th and March 1st & 5th got their attention, probably as much as our fact based testimony. The Governor has claimed that the NRA has drowned out the voices of Marylanders. In any event this is only the opening move; I would imagine someone will take the State of Maryland to court over stepping out of bounds on our Second Amendment Rights.

I implore you to do all you can, we do not want to look back later this year and say "If only I had done...." Stand fast and keep your powder dry.

# VARMINT HUNTER L. R. MATCHES

Club members Allen Shively and Butch Shreve approached club officers at a recent officers meeting to discuss their interest in having scheduled matches at WMR2 to hold long range shooting matches. For more information you may contact Allen at 301-724-6370 or [shively62@hotmail.com](mailto:shively62@hotmail.com) or Butch Shreve at 301-724-7975. There would be four rifle classes for match play.

**Factory Sporter**—Rifle must have original barrel, stock and action. No modifications or accurizing except stock bedding or trigger work, and the safety must work. The rifle must have a sporter weight and contour barrel. All rifles in this class will be inspected by the range captain and his decision will be final. Examples (Remington 700 ADL, BDL, Classics, Winchester model 70's no heavy barrel factory guns allowed in this class)

**Only 12 power scope or less is allowed. The participant can have a variable power scope higher power than 12, but the scope must be set at maximum of 12 power during all of the match.**

**Factory Varmint**—Rifle must be original factory varmint. Barrel, stock and action must be original. No modifications or accurizing except stock bedding and or trigger work, safety must work. Recrowning only if original crown is worn, and any power scope allowed. Rifles must be common mass produced in ALL factory classes. All rifles in this class will be inspected by the range captain and his decision will be final. Examples allowed in this class (Remington 700 factory Varmint, Winchester coyote, Savage 12BVSS). All rifles in this class will be inspected by the range captain and his decision will be final.

**Examples not allowed in this class. Savage rifles like the F-class, Bench rest, and Long-Range rifles are not allowed in this class.**

**Light Unlimited**—Any customized rifle 13 ½ lbs. or lighter. Custom barrel, custom stock, custom twist or accurizing done to rifle. Any scope and any trigger are allowed. All rifles in this class will be inspected by the range captain and his decision will be final.

**Heavy Unlimited**—Any customized rifle over 13 ½ lbs but max weight of 20 lbs. Custom barrel, custom stock, custom twist or any accurizing done to the rifle. Any scope and any trigger are allowed. All rifles in this class will be inspected by the range captain and his decision will be final.

**No rail guns or any caliber greater than .338 Lapua!**

## VARMINT HUNTERS LONG RANGE MATCH GUIDELINES

1. 100, 200, 300, and 600 yard matches will be shot on different animals targets.
2. 100 yd Firing will be a total of 14 shots fired at 6 different coyote targets. Two of those shots will be shot on the sighting in part of the target. 12 Shots will be fired for score, with 2 shots at each of the coyotes. Scoring is either a 10 or 5. There will be a 2 minute prep time. A 2 minute time for shooting the 2 sighters shot on the bottom sighting in part of the target. 1 minute cease fire, and then a 6 minute time period for shooting 12 shots for score. 2 shots on each of the coyotes. More than 2 shots on any coyote result in the shooter receiving a zero for that shot. For a possible score of 120 pts.
3. 200 yard firing will be a total of 10 shots fired at 3 different crow targets. No sighters. All 10 shots will be scored on the three different crows. There will be a 2 minute prep time. 1 minute cease fire. And then shooters will shoot all 10 shots in a 6 minute time period. Shooters can shoot at any of the 3 Crows. Scoring will be either a 10 or a 5 as seen on the Crow targets before the match. For a possible 100 pts.
4. 300 yard firing will be a total of 10 shots fired on a groundhog target. No sighters. Shooters will have a 2 minute prep time. 1 minute cease fire. And a 6 minute time to shoot all 10 shots. The scoring will be by the scoring rings on the groundhog target as seen before the match. For a possible score of 100 pts.
5. 100, 200, and 300 yard match scores will be added together for possible score of 320 pts.
6. 600 yard firing will be a total of 12 shots fired for score. Shooters will have a 2 minute prep time. A 10 minute sight in. 1 minute cease fire. And a 10 minute time to shoot all 12 shots. The scoring will be by the scoring rings on the target as seen before the match. For a possible score or 120 pts.
7. **TIES AND CROSSFIRES**
8. Ties will be scored, and broken by the closest shot to the center being the tie-breaker. Cross Fires will be attempted to be scored, if unable to determine, lowest scoring shots will be scored. Shooter that fires cross target will get no credit for those shots. We track who crossfire's on what target. Large numbers are displayed at the target frames. Line officers will instruct shooters to locate their target prior to shooting. Match Director will make final decisions on crossfire's. Targets are scored by Allen and Butch challenges may be made immediately upon receiving target. Scorers' decisions are final and binding.
9. **POKER**—On the backs of the 300, or 600 yard target (Depending on what match to be shot that day) is a deck of playing cards. As your shots go thru the target it hits a card. Five shots give you a five card poker hand. Highest hand wins the pot. Cards must be clearly hit with our scorer having final say. There will be a fee of \$2.00 to play poker. The pot will be split, half going to the winner and half going the Fort Hill Rifle and Pistol Club.

## GRAINS OF INFO

**CLAY BIRDS** are being shot in the wrong direction and that lead shot and broken clay birds are ending up on state property according to Warrior Mountain Range Executive officer, Danny Jackson, Jr. This action needs to stop and signs need to be placed in the problem area. Jackson stated with the political climate in Maryland we need to do a better job of policing ourselves. If you see someone being unsafe, rule breaking or vandalizing club property, we need to intervene for the sake of the club.

**PRESCREEN/BACKGROUND CHECK FEE** of \$25 has been implemented according to club Secretary, Marvin Smith as he reported to the membership at the Annual Meeting. All new applicants as of February 1, 2013 will submit a \$25 check payable to FHRPC when they submit their application for consideration for membership. This will cover the cost of software that has to be purchased to do the background check. We have edited a new revision of the FHRPC's application that became effective February 1, 2013 and supersedes all other forms with this revision.

**CONCERNING BY-LAWS 3.1 & 3.2**, Club Secretary, Marvin Smith reported at the Annual Meeting that the proposed by-law amendments concerning 3.1 Regular and 3.2 Life Memberships; that the officers decided after discussions at several officer's meetings to withdrawal the proposals at this time. The membership body left it die on the floor.

**CONCERNING BY-LAW 6.3 QUORUM**, Club Secretary, Marvin Smith asked the membership body to consider amending the by-law to read; Eight percent, 8% of the members of the FHRPC present and entitled to vote shall constitute a quorum at any meeting. The reason is because the membership fails to have a quorum at special meetings. Some members voiced their opinions and after a brief discussion from the body it was allowed to die on the floor.

**WORK COMPLETED AT MSR1** on Sunday, March 3rd at the fifty yard target line area of the Bulls-eye range, twenty steel feet and three cable support poles with cable were bolted into place on the new concrete curb as well as a safety extension that was nailed to the protective wooden wall at the twenty five yard target line according to John Dowell, work party supervisor. Volunteers included on that cold winter day were Terry Wilson, John Dowell, Ron Smith, Ernie Stouffer, Clayton Blume, Steve Isner, Frank Snyder, Dan Bussard, Mark VanTyne and Jeff McCullough. Thank you men, for a job well done. A special thank you to Terry Wilson for his metal fabrication and John Dowell for the painting of the metal parts.

**WORK PARTIES** needed before league shooting starts at MSR1 and WMR2, members will be contacted and members may contact the officers to volunteer. The club Secretary is keeping a volunteer list to use as a contact sheet. To have your name added, call 301-777-0358 or email at [marvincoyle\\_54@verizon.net](mailto:marvincoyle_54@verizon.net)

**MARYLAND NRP HUNTER SAFETY CLASS** has been scheduled for Sunday, October 13, 2013 at Morningside Range 1 (MSR1) starting at 3:00 p.m. thru 6:00 p.m. MSR1 will be closed to shooting during these times. Range closures will be posted for the event.

**ORIENTATION CLASSES** were held at Morningside Range 1 the FHRPC received 19 new members into their ranks, Sunday, March 3rd with 10 new prospects present and Saturday, March 9th with 9 new prospects present. So if you see some new faces at the ranges introduce yourself and welcome these new members to our ranks. I'm sure they will have questions that you probably can answer. This brings the number of dues paying FHRPC members to 355 plus 95 life members for a total membership of 450 as of this newsletter.

**2013 RENDEZVOUS DATE** has been set for Sunday, October 6th starting at 9:00 a.m. again as in the past we will have a centerfire plate match and muzzleloader matches, sportsman swap meet and some fine eats. Mark your calendar and watch the bulletin boards for info.

**SIGN-IN BEFORE SHOOTING** the sign-in book is in the club house and at the Bulls eye pavilion at the pistol range at MSR1. There are sign in books at both pavilions at WMR2.

# FORT HILL HIGH POWER RIFLE SCHEDULE FOR 2013
